

**BOARD OF SUPERVISORS
FINANCE/GOVERNMENT OPERATIONS AND
ECONOMIC DEVELOPMENT COMMITTEE
AGENDA SUMMARY**

March 8, 2016

6:00 p.m.

**Loudoun County Government Center
1 Harrison Street, S.E., Leesburg, VA
Board Room**

Committee Members:

Matthew Letourneau, Chair

Phyllis Randall - Tony Buffington - Ralph Buona - Koran Saines

**Proposed for Consent*

1. Monthly Department of Economic Development Report (Information)

The Department of Economic Development's monthly statistical report shows leading economic indicators for Loudoun County and key department performance indicators. The Director will also report on economic development activities that have occurred since the February 11, 2016 meeting.

Election District: Countywide

Staff Contacts: Buddy Rizer, Economic Development

2. *CONTRACT RENEWAL/Engineering Services for the Loudoun County Stormwater Management Program (Action)

The purpose of this item is to authorize the renewal of the Engineering Services for the Loudoun County Stormwater Management Program contracts. Staff is recommending award of the first renewal option based upon past performance of all three firms. Renewal contract awards are only provided to those contractors with satisfactory performance. The County uses these contracts to provide professional engineering services to support the Loudoun County Stormwater Management Program. As defined in Code of Federal Regulations (40CFR122.26) [Revised as of July 1, 2001], the Federal Clean Water Act requires cities and urbanized counties having populations above 50,000 to develop stormwater management programs and obtain discharge permits for stormwater outfalls. The eastern portion of Loudoun County (i.e., an area of approximately 81 square miles) currently falls under these requirements; however, it is possible over time that all of Loudoun County could be subject to these regulations. In Virginia, the program is managed by the Department of Environmental Quality which issues stormwater discharge permits.

The County estimates spending \$1,000,000 on Engineering Services for the Loudoun County Stormwater Management Program during the contract period (April 15, 2016 – April 14, 2017). Sufficient funding is appropriated in the Storm Water Management capital project to award this contract. This project was approved and included in the adopted FY 2016 Capital Improvement Program. The source of funding for the project is local tax funding.

Staff recommends that the Finance/Government Operations and Economic Development Committee recommend to the Board of Supervisors that the Purchasing Agent be authorized to

award the first renewal option for the Engineering Services for the Loudoun County Stormwater Management Program contracts to: URS Corporation, GKY & Associates, Inc., and the Timmons Group, Inc. in the total estimated amount of \$1,000,000.

Christopher Bresley, Finance and Procurement

3. *CONTRACT RENEWAL/Library Material Suppliers (Action)

On March 22, 2011, staff issued Request for Proposal (RFP) No. QQ-01644 to find a pool of qualified Library Material Suppliers. The intent of this RFP was to obtain firm fixed price proposals from firms specializing in providing library materials to include the purchase of library materials (books, DVDs, audio books, and compact disks) for public libraries. This RFP has an ongoing acceptance date which allows for the continuous submission of proposals by new firms interested in providing library material supplies. Thus far, the County has received 22 proposals. On March 18, 2015, the Board of Supervisors authorized the Purchasing Agent to exercise the fourth renewal option for the estimated amount of \$1,100,000 for the period of July 1, 2015 to June 30, 2016. Staff is recommending that the Board permit staff to exercise the fifth and final renewal option under this contract for the period of July 1, 2016 through June 30, 2017. Procurement of library materials through a pool of vendors has been very successful over the last 20 years in providing the largest possible range of library materials and services. Contract(s) to a contractor pool allows for the greatest selection, availability, efficiency and cost savings. Orders are placed with a vendor offering the best discount and availability for the material needed.

Sufficient funding is available in the Department of Library Services' FY 2017 proposed operating budget to renew the contract in the estimated amount of \$1,100,000. No additional funding is being requested for this contract renewal.

Election District: Countywide

Staff Contacts: Chang Liu, Department of Library Services
Mary Lou Demeo, Library Services
Diane C. Smith, Finance and Procurement

4. *CONTRACT RENEWAL/Offsite Hosting Services (Action)

On March 18, 2015, the Board authorized a one year contract award for offsite hosting services with OneNeck IT Solution, LLC (OneNeck) in the estimated amount of \$936,086. The contract was awarded for the period of April 1, 2015 through March 31, 2016 with up to two additional one year renewal options.

In January 2012, both the County and the Schools began the replacement of financial and personnel/payroll applications with an Oracle based solution (Phase 2). As a result of the negotiations with the chosen system integrator, AST Corporation (AST), the County chose to host and manage the physical hardware and software environments with an offsite vendor. The hosting services utilized to support the County's Oracle Enterprise Resource Plan (ERP) systems include the purchasing of all server and network hardware, operating system software as well as management and maintenance of the servers, networks, security and databases in a

highly available, disaster recoverable environment. OneNeck was selected as the subcontractor to provide these services under the agreement with AST. The hosting services through AST ended in March 2015, which is when the County entered into a contract directly with OneNeck for hosting services. Staff recommends that the Finance/Government Operations and Economic Development Committee recommend to the Board of Supervisors that the Purchasing Agent be authorized to utilize the first renewal option for the contract period April 1, 2016 through March 31, 2017 for offsite hosting services to OneNeck in the estimated amount of \$1,250,000.

Sufficient funding is appropriated in the Department of Information Technology's FY 2016 operating budget for annualized services. The FY 2017 Proposed Budget includes \$1,250,000 for 12 months of hosting services. There is adequate funding to fund the entire proposed contract amount. No additional funding is being requested for this contract renewal.

Cheryl Middleton, Finance and Procurement

5. *CONTRACT AWARD AUTHORITY INCREASE/NOVEC Managed Network Transport Services (Action)

Currently, the County has one managed connection provider for the following 17 sites: Aldie Fire Station, Brambleton Fire Station, Sterling Fire Station, Kincora Public Safety Center, Dulles South Public Safety Center, Eastern Loudoun Sheriff's Office, Dulles Town Center Sheriff's Office, Gum Springs Library, Cascades Library, Cascades Sr. Center, Sterling Library/Community Center, Dulles South Multi-purpose Facility, Claude Moore Park Potomac Lakes Sportsplex, Mirror Ridge Group Home, Sterling Tower and Ridgetop Circle. These sites connect to the County network and to the Internet via the Sterling Tower site which connects to Verizon. Presently, the County sites are at risk because they are solely dependent on a single Verizon connection at a single site, the Sterling Tower. Leveraging the existing Loudoun County NOVEC Solutions Inc. (NOVEC) connection with an additional NOVEC connection for these sites will help to ensure the continuity of County operations. NOVEC is the only services provider who can provide connectivity for Ridgetop via dark fiber from Ridgetop to the County network at Ragingwire. Additionally, NOVEC is the only service provider that currently has fiber already installed on the County network at the Government Center, the Department of Information Technology and Ragingwire locations. Staff recommends the Finance/Government Operations and Economic Development Committee recommend to the full Board of Supervisors that the Purchasing Agent be authorized to increase the contract for NOVEC Managed Network Transport Services with NOVEC in the amount of \$122,360 for a new contract award amount of \$565,310. Sufficient funding for these services, including construction cost, through June 30, 2016 is available in the County adopted FY 2016 Department of Information Technology's operating budget. Future monthly recurring costs will be subject to Board appropriations.

6. ***AWARD AUTHORITY INCREASE/Snow and Ice Control Services (Action)**

Invitation for Bid No. RFQ-10 was issued on August 5, 2014 for Snow and Ice Control Services. This contract includes snow removal and application of deicing agents using various types and sizes of equipment at the following locations: seven (7) Park and Ride Lots, twenty four (24) County Government Facilities and one (1) Subdivision. Three responses were received by the County. After evaluation of the responses it was decided to award Contracts to each of the firms. On September 20, 2014, staff awarded contracts to each of the firms that responded: Blake Landscapes Inc., Property Services Landscape Inc. and Village Landscapes and Irrigation Inc. After the Public Works Division, the Department of Transportation and Capital Infrastructure and the Department of Building and Development met and consulted with the firms, there was a plan put in place that would assign specific locations to each of the firms. The Public Works Division requires additional award authority under the Snow and Ice Control Services contracts due to the historic snowstorm, Jonas, on January 22nd and 23rd which required sustained operations, two new large County facilities and three new Park & Ride lots added this year and in anticipation of repeated snow and ice events and resulting retreatments. In accordance with the County Purchasing Resolution, a contract awarded under staff authority cannot exceed \$500,000 without approval of the Finance/Government Operations and Economic Development Committee and Board of Supervisors. Last year the County departments spent \$825,000 on snow and ice control services. As of February 24, 2016, the County has already spent \$718,000 on snow and ice control services for the contract period which ends September 30, 2016 due to the winter events that have occurred. Increased contract authority is essential to ensure appropriate coverage for the anticipated snow and ice events. Staff recommends the Finance/Government Operations and Economic Development Committee recommend to the full Board of Supervisors that the Purchasing Agent be authorized to increase the award authority of the contracts for Snow and Ice Control Services in the amount of \$500,000, for a new total of \$1,000,000.

7. ***AWARD AUTHORITY INCREASE/Roadway and Civil Design Services for Tall Cedars Parkway – Pinebrook Road to Gum Spring Road (Action)**

On April 30, 2012, staff awarded a contract for Roadway and Civil Design Services for Tall Cedars Parkway – Pinebrook Road to Gum Spring Road to J2 Engineers, Inc. in the amount of \$431,971. The scope of work includes survey services, environmental assessments, geotechnical investigation, roadway design, plat preparation, public meeting assistance, construction administration, and related services for the missing segment of Tall Cedars Parkway between Pinebrook Road and Gum Spring Road and signal design at the intersection of Tall Cedars Parkway and Gum Spring Road. On February 11, 2014, a \$45,780 change order was issued to slightly modify the roadway alignment to address concerns of property owners dedicating right-of-way to the project and to obtain additional soil samples within the updated road alignment. The change order increased the contract amount to \$477,751. In preparation to advertise the project for construction and to provide additional construction administration

services, change orders are required so the design consultant can provide additional services not included in the original design contract.

Staff recommends that the Finance/Government Operations and Economic Development Committee recommend to the Board of Supervisors that the Purchasing Agent be authorized to increase the award authority for Roadway and Civil Design Services for Tall Cedars Parkway – Pinebrook Road to Gum Spring Road contract with J2 Engineers, Inc. by \$314,358 for a new award authority amount of \$792,109.

Sufficient funding is available in the Tall Cedars Parkway – Pinebrook Road to Gum Spring Road capital account to increase the contract award authority by \$314,358 for a new award authority amount of \$792,109. No additional funding is being requested for this award authority increase.

8. Contract Award/Utilities Relocation for Mooreview Parkway – Columbia Gas Transmission LLC

On January 12, 2016, the Finance/Government Operations and Economic Development Committee tabled an item regarding the amendment of the FY 2016 Capital Improvement Program and use of Local Gasoline Tax Funding for Mooreview Parkway. The Mooreview Parkway project is a critical missing highway link needed to provide connectivity to the planned Ashburn Metrorail Station. A gas transmission line owned by Columbia Gas Transmission, LLC needs to be relocated in order for this missing link project to begin construction. This item presents additional information and proposes Contract Award for utility relocation by Columbia Gas Transmission, LLC for the Mooreview Parkway project. Staff recommends that Finance/Government Operations and Economic Development Committee recommend that the Board of Supervisors that the Purchasing Agent be authorized to award a contract for the relocation of utilities for the construction of the Mooreview Parkway project with Columbia Gas Transmission, LLC in the estimated amount of \$1,430,021. Staff further recommends that the Finance/Government Operations and Economic Development Committee recommend that the Board of Supervisors amend the FY 2016 CIP and budget to transfer \$1,800,000 from the Transportation District Fund to the Capital Fund for the Mooreview Parkway (\$1,800,000) capital project.

9. Monthly Report/Implementation of the Enterprise Resource Planning (ERP) Project (Information)

The Loudoun County Government and Loudoun County Public Schools began implementation of a new ERP System in January 2012. On December 4, 2013, the Board of Supervisors appropriated additional funds to complete implementation of all three phases of the System. In addition, the Board of Supervisors requested that staff provide monthly status reports based on cost, schedule, and technical milestones with associated variances. During the March meeting, information from the Oracle Consulting Project Assessment will be provided.

10. Quarterly Report/Budget FY 2016 Q2 (Information)

At the request of the Finance/Government Operations and Economic Development Committee, staff provides a report on a fiscal quarterly basis which provides a projected year-end outlook for revenues and expenditures and brief description of indicators impacting the year-end projections. In addition to expenditure and revenue projections, this report includes a review of cash proffer activity and a quarterly debt report. This item remains informational as no corrective action is recommended at this time.

Julie Crim, Transportation and Capital Infrastructure
Peter Malgieri, Transportation and Capital Infrastructure

12. Closed Session

I move that the Finance/Government Operations and Economic Development Committee go into Closed Session pursuant to Virginia Code Section 2.2-3711(A)(7) for actual or probable litigation and for consultation with legal counsel and briefings by staff on the contract with AST Corporation for the implementation of ERP.

Resolution Motion

I move that the Finance/Government Operations and Economic Development Committee approve the Resolution in the packet certifying that only such matters identified in the motion convening the Closed Session were discussed and no formal action by the Board was taken in the Closed Session.

Election District: Countywide

Staff Contact: Leo Rogers, County Attorney

Next Meeting: April 12, 2016*

*Next meeting date unless another meeting is required prior to this date due to Proposed CIP deliberations.

If you require a reasonable accommodation for any type of disability in order to participate in the Finance/Government Operations and Economic Development Committee Meeting, please contact the Office of the County administrator at 703-777-0200/TTY-711. At least one business day of advance notice is requested; some accommodations may require more than one day of notice. FM Assistive Listening System is available at the meeting.
